

Application

Why Does FURR Need Me To Complete This Information?

FURR requests the following information so that we can assist you in the selection of a new cat. This form and a consultation with a FURR representative are designed to help you find the cat most compatible with your lifestyle.

Our cats are placed for adoption and, as with any adoption, you become responsible for this pet for the remainder of its life. Pet ownership is rewarding, but it is also a serious responsibility. Therefore, potential adopters must first fill out this application so we find the best cat for your household.

You may find some of the questions we ask on this application are rather personal. Please know that we are not asking these questions lightly. We respect all of our adoption applicants. We ask these questions because we want the best homes for the cats in our care. Answering these questions will help us make that match.

To be considered as an adopter, you must:

- Be 21 years of age or older
- Have identification showing your present address
- Have the knowledge and consent of your landlord (if applicable)
- Be able and willing to spend the time and money necessary to provide medical treatment and proper care of the cat

If all of this is true, please continue on to the application.

Note: If you have provided a vet reference it is good to call ahead and give them permission to speak to FURR. This will avoid delays in processing your application.

If you are having trouble with our online form, you can download a version [here](#).

What You Need to Know About Returning a Cat to FURR

FURR will take any cat adopted from us back at any time.

It is part of the contract you will sign should you adopt that you **MUST** return the cat to FURR.

You are contractually bound **NOT** to give the cat away, adopt it out via Craigslist or Facebook, sell it, leave it at shelter, and so on. Euthanizing a FURR cat for any reason deemed non-life threatening, such as shedding, hair balls, just not wanting the cat anymore and so on, is not acceptable.

FURR uses volunteer foster homes, and has adoption centers at various pet stores to house cats.

In order for us to make arrangements for the cat’s housing upon their return (unless there are extenuating, emergent situations where a cat must be returned immediately), we respectfully request **TWO WEEKS** notice before you return a cat since it may take that long for us to find a place to house the cat.

Cat must be up to date on Rabies, Distemper (FVRCP) and a recent Snap test for FIV/FeLV. Paperwork will be required.

In the unfortunate event the cat must be returned to us, do you agree to ensure rabies and distemper shots are up-to-date and a new FIV/FeLV snap test is done prior to being returned? (documentation will be required).

Yes No

Do you agree to give us a minimum of two weeks notice prior to returning a cat? Yes No
